Holders of academic degrees awarded by foreign Higher Education Institutions apply directly to the University and Programme they are interested in, according to its admission requirements. The University is responsible for the academic assessment of the degree/s and examines whether the institution that awarded the title belongs to the National Registry of Foreign Recognized Higher Education Institutes and whether the title type belongs to the National Registry of Foreign Recognized Academic Title Types

(https://www.doatap.gr/home_english/)

A “**Certificate of Place of Study**” is mandatory only if the degree title has been awarded by an Institution included in the list of foreign Institutions awarding degrees through a franchise agreement with private entities in Greece. In this case, in addition to the other supporting documents specified, a “Certificate of Place of Study” (issued and sent by the foreign University) is also required. Be aware that when a foreign institution certifies as place of study (in whole or in part) facilities of a private institution in Greece, recognition of academic equivalence is not feasible.
